*Attorneys for Plaintiffs NICE Systems, Inc. and NICE Systems, Ltd.*

Dated: January 7, 2008

*The parties are exploring the use of a jury questionnaire. Plaintiffs do not object so long as use of the questionnaire does not adversely affect the timing or start of trial. If a questionnaire is used, Plaintiffs reserve the right to propose changes to Defendant's proposed juror questionnaire and related changes to this proposed voir dire.*

Pursuant to D. Del. L.R. 47.1 (a), Plaintiffs submit the following voir dire:

**PROCEDURE**

1. Plaintiffs request that jurors be placed under oath for the purpose of responding to all voir dire questions. An oath administered before questioning may assist the jurors in appreciating the importance of thoughtful, complete and accurate responses to questions asked in voir dire.

2. Plaintiffs request that the Court ask the following of the jury after it is selected but before it is sworn:

Although I recognize that you have responded to many questions, your service as jurors is essential to the operation of our system of justice. Because your role is so important, I must ask you one more question. Listen carefully and take a few moments to reflect on your answer and those you have given under oath in the course of jury selection. In a few moments I will ask each of you to respond individually: Is there anything whatsoever that may interfere in any way with your ability to render a fair and impartial verdict in this case?

3. If any juror has not completed the jury questionnaire, Plaintiff requests that those jurors provide the basic information requested by the juror questionnaire.

**QUESTIONS**

Good morning, ladies and gentlemen, I am Judge Farnan, and I will be presiding over the trial for which a jury is about to be drawn in the case captioned NICE v. Witness. Briefly stated, this case is an action for patent infringement.

The trial is expected to last 1 week. We will meet on weekdays, and our trial days will run approximately from 9:00 a.m. to 4:30 p.m.

I will now ask you certain questions, the purpose of which is to: (1) enable the court to determine whether or not any prospective juror should be excused for cause; and (2) enable counsel for the parties to exercise their individual judgment with respect to peremptory challenges, that is, challenges for which no reason need be given by counsel. It is essential that you listen carefully to each and every question and that you answer each question truthfully. If any of you answer any question "yes," please stand up and, upon being recognized by the court, state your juror number. When I have concluded asking all the questions, we will call you to bench individually to speak with you and the lawyers in private about your affirmative response or responses.
